

## Local C of C Asks Approval of Art School For G. I.s

### LETTER URGING CHANGE OF RULING BEING SENT TO STATE BOARD AND CITY

Directors of the Chamber of Commerce is special session here Saturday decided to ask for a favorable ruling from the state board of education for the San Diego School of Arts and Crafts of Ocean Beach on the school's request for having it approved under the G. I. Bill of Rights educational program.

Recently the school had been turned down on its request for such approval though the state director of the division of readjustment education of the state board, in his ruling, stated that approval was given to the Art school's courses of study, to its faculty, to the educational standards set up by the school and to the references submitted by the director, Orren Loudon. Only objection by the state was "that the school's physical facilities do not measure up to the city's requirements," the director wrote.

The objection given was that the Silver Spray hotel in which the school is located is a frame building of three stories, and as such does not meet the city's requirements.

Several of the directors inspected the school Saturday and found the building two stories and basement instead of three stories; that the school is located in the basement, that it has ample room and facilities and that it is more suitable to the purposes of the school than is the case with some other educational institutions that have qualified for G. I. student training.

A letter pointing out these facts and asking that temporary approval be given the school at least until such time as the owner's plans for remodeling are carried out or Director Loudon is able to obtain other quarters in Ocean Beach is being sent this week by Secretary Rolin W. Shaw to the state board, to Mayor Harley Knox and to the city's building inspector.

Mr. and Mrs. Loftin G. Stewart of Niagara Ave., Mr. and Mrs. James Brauder of Newport Ave. and Mr. and Mrs. Robert Messer of Newport Ave. attended a Christmas Eve party at the home of Mr. and Mrs. Ralph McLees in Mission. The event was a dinner party and gift exchange. The four women, Mmes. Stewart, McLees, Brauder and Messer, are sisters.

Mr. and Mrs. T. G. Armstrong of 1660 Chatsworth Blvd. returned Saturday from a two-week motor tour of California, which took them as far north as San Francisco. They also were hosts at a Christmas Eve party for members of their family at the Cuyamaca club.

Christmas day guests at the Albert de Nivelle home, 4817 Saratoga Ave., included Mr. and Mrs. Donald J. Janis of Berkeley, Mr. and Mrs. Whitney Roper and children, Ted and Raima, of La Jolla, and Mr. and Mrs. Wesley Melton and Miss Lorraine Hansen of Ocean Beach.

## Two New Members Inducted Thursday Into Lions Club

Two new members were inducted into the club Thursday noon at the Ocean Beach Lions club meeting, Louis Baldino, proprietor of Mamie's Sweet Mart and Vernon Ross of the local Vogue Upholstery firm. Liontamer Phil Sjöberg officiated at the ceremony.

At the business session the board of directors met jointly with the general membership in dealing with the accumulated business of the group. The matter of the time of meetings was again brought up as some expressed a desire to return to holding evening meetings. The question was discussed, but tabled pending results of a written poll of the entire membership to be made by Secretary Jack Zahn.

Music during the meal was provided by a trio representing the Pacific Beach Chamber of Commerce and advertising the coming Winter Fair in that community. Present as a guest at the meeting was A. B. Jackson, a Lion member from Stockton, Calif.

## Cub Scout Awards Highlight Annual Christmas Party

Awards to the members of Cub Scout Pack 328 was the feature of the meeting on December 20 when the cubs and their parents held their annual Christmas party. The Rev. Philip Harris, cubmaster, was in charge. Highlights of the evening included a sound movie, depicting the first Christmas, shown by Jack Whitman of Scout headquarters, a gift exchange, and refreshments furnished by the den mothers and the Ocean Beach Kiwanis club.

Year stars were awarded to Billy Lancaster, Robert Peltcher, Mackay Black and Carl Middaugh. Errol Plaisted received the bear badge, with the golden arrow. Two stripes denoting "Denner" were awarded to Robert Kemp and Bob Young, with Michael Tuite and Jeremy Lustig receiving the one stripe of assistant "Denner."

Bobcat pins were awarded to Charles Bryant, Jimmie Chappell, Ronald Johnson and Eugene Orr, the latter two receiving the wolf book and card also.

Scout officials in attendance were Assistant Cubmaster G. J. Smith, Pack Treasurer R. Sherwood, C. P. Hebert and R. Bowman.

## FORMER ELSIE SAVAGE COMES ALL THE WAY FROM ENGLAND TO SPEAK HERE

Mrs. Elsie Benjamin of Worthing, England arrived in Ocean Beach on Tuesday, Dec. 17 for the express purpose of giving a talk at the Theosophical lodge meeting at 4633 Long Branch Ave. on Wednesday, Dec. 18. "Conditions in England and the Continent" was the subject of her address regarding the Theosophical work abroad. Mrs. Benjamin, formerly Elsie Savage, was born and raised at the Theosophical institute at 600 Catalina Blvd. She left on Friday, Dec. 20 to deliver addresses at various places up the coast and she plans to be back in England by January 16.

William Choate of 1657 Scott St. left Wednesday, Dec. 18 for San Francisco where he is to be stationed, temporarily, at Treasure Island.

Mr. and Mrs. Chester R. Jones of 5029 Lotus St. entertained their friends in Ocean Beach with an "open-house" party on Christmas afternoon. Among those present were Mr. and Mrs. Robert Oaks and daughter Judy and Mr. and Mrs. George Stone and children, Nancy and George Jr.

## LARRY FINLEY SUES M. C. A. FOR \$3,100,000 CLAIMING SHUT OUT ON NAME BANDS

The Mission Beach ballroom figured this week in a \$3,100,000 suit brought by Larry Finley, operator of the dance palace, against the Music Corporation of America. Mr. Finley charges that the M. C. A. gave exclusive contracts for name bands to a competitor. This federal court action is a follow-up of a previous suit brought by Mr. Finley last spring in which he was awarded \$57,000 by a jury. This award was later set aside by Federal Judge Paul J. McCormick, however, on the ground that there was no evidence for such determination of damages.

## BANK OF AMERICA MEN PASS CIGARS CELEBRATING PAIR OF BLESSED EVENTS

The Bank of America seems to have attracted a good deal of attention this past week for other reasons as well as the huge Christmas tree they decorated to add to the spirit on the avenue. Among other interesting happenings there is much cigar passing by proud fathers. Teller Wayne Andrews reported that he and his wife became parents on Monday at 12:25 p.m. at Mercy hospital. The six pound and six ounce baby girl has been named Janet Lorraine. Tony Squillace, another bank employee and wife, Helen, of 4920 Brighton Ave., also became parents of a baby daughter and theirs was born at Quintard hospital on December 18. The Squillace baby weighed eight pounds and nine ounces and they named her Joanna. Bob Dryden of 4575 1/2 Bermuda Ave., recently discharged from the U.S.M.C., joined the staff of employees in the past few weeks. Bob can also boast of a new baby daughter. She is still too small to leave the hospital but he says that he is expecting her home in time to start the new year.

## Roger Babson Forecasts Business and Financial Outlook For 1947

**1947 IN A NUTSHELL**  
To reach higher levels than recorded in 1946.  
Opposing trends.  
Some basic problems to be solved.  
Continued good demand for modern suburban homes.  
Increased foreign troubles.  
To work higher.  
Firmness temporary.

**BABSON'S Authentic Statement**  
(Copyright—1946—Publishers Financial Bureau, Inc.)

(By Roger W. Babson)

1. One great event of 1947 will be a beginning of a movement of population from the big coastal cities to the small interior cities, unless definite steps are taken for world disarmament.

**General Business**  
2. A year ago the U. S. Babson-chart registered 130. Today it is estimated at 160. The Canadian Babson-chart registered 190 a year ago. Today it is estimated at 204. Sometime during 1947 these Charts will register higher figures.

**Labor**  
3. Reconversion of industry from war to peace has been completed although the great government surpluses have not yet been disposed of, leaving much more to be sold in 1947.

4. Inventories, quoted both at their price values and their volumes, will increase during 1947. Both raw material piles and manufactured goods will be in greater supply in 1947.

**Commodity Prices**  
5. Some rationing and priorities may continue into 1947; but both will rapidly be eliminated. Government regulations will gradually be lessened. World War II will officially be ended.

6. The retail prices of most manufactured products will be higher sometime during 1947 than at present. The prices of some of the food products may decline.

7. The unit sales of some department stores will begin to decline sometime during 1947; but the sales of food and variety chains may continue at peak figures.

8. The great question mark of 1947 will be how labor is to behave. Higher wage rates and less production per man inevitably mean higher prices.

**Farm Outlook**  
9. Pending a weather upset, more bushels of corn and wheat and of some other products will be raised in 1947 than ever before in our history. Although some prices may slide off, the total farm income for 1947 should hold up fairly well. But farmers should diversify more in 1947.

10. There should be an increase in certain fruits, fish products and vegetables with a decline in prices. The United States will have more to eat in 1947 than in 1946, probably 10% over the prewar level.

11. Dairy and poultry products will continue to increase in volume with no increase in price; but fats, sugar and some canned goods will continue short.

12. Farmers will start in 1947 to work to extend legislation on their parity program due to fear of a collapse in farm prices.

**Taxes**  
13. Taxes will not be increased during 1947; and there should be further reductions. More nuisance taxes may be eliminated altogether.

14. The Federal Debt will be decreased during 1947 and the Federal Budget may be balanced by June 30, 1948.

15. The cost of living will continue to rise during 1947 due largely to the lack of interest in their work by so many wage-workers.

16. Providing jobs for returning soldiers at satisfactory wages will be a big political task of 1947. There should be jobs for all, but not at the wages desired.

**Retail Sales**  
17. The total volume of all retail sales will be about the same as in 1946. Poor quality goods will suffer, but many items now unavailable will be purchased.

18. The total dollar value of all retail sales should exceed 1946 with an increased demand for woolen and cotton textiles.

19. There will be a continued demand for men's clothing and especially for shirts and underwear.

20. Wise shoppers will buy only what they need and not grab to stock up on goods not absolutely required.

**Foreign Trade**  
21. The United States will own over 50% of the world's shipping in 1947 and foreign trade will increase.

22. We will continue our policy of making foreign loans, provided

the borrowers will agree to spend a fair proportion of the money in America.

23. Both the British Empire and Russia will keenly compete for foreign trade during 1947; but cartels and Government monopolies will be frowned upon.

24. Throughout 1947 war talk will continue, the thought being that, sooner or later, England—who truly is in a terrible predicament—will "shoot" to stop further Russian aggression.

**Labor**  
25. Even President Truman's "eighteen and one-half cents" will be forgotten during 1947. The year will be noted for threatened strikes and labor disturbances.

26. Industrial employment during 1947 could be up both in hours and in pay rolls, labor leaders' discouraging attitude notwithstanding.

27. Many industries, now operating on a forty-hour week, will return to a longer week during 1947. There will be no wage reductions and some further advances.

28. The Government will try to demand better management and closer labor-management relations. Such prospects are not bright for 1947; but Congress will repeal or amend some of the present labor laws which are very unfair to management.

**Inflation**  
29. The Inflation Era, which we have been forecasting for several years, will be in full swing; but the reckless printing of currency will not come until after 1950. The purchasing power of the dollar will continue to decline.

30. All 1947 wage increases will be distinctly inflationary.

31. Sometime during 1947 production in many lines will have caught up with consumption, people will have spent their savings and then there will be a surplus of goods.

32. If Stalin's health continues good, he will be the world's most powerful man in 1947, even from an economic standpoint.

**Stock Market**

33. The rails may suffer still further declines sometime during 1947. Certain industrial manufacturing and other war stocks will further decline during 1947; but the Dow-Jones Industrial Averages will register higher prices sometime during 1947 than the December, 1946, averages. All depends upon how Labor behaves in America and how Russia behaves abroad and upon what the United Nations do as to disarmament.

34. The safest stocks to buy—considering value, income and safety—will continue to be "chain-store" and "recreation" stocks.

35. 1946 saw a large decline in certain stocks compared with the averages. Switching will be the outstanding market feature during 1947. Especially watch for bargains in airline stocks.

36. The stock market will continue to witness creeping general inflation and no evidence yet exists as to whether the "communist break" in 1946 was the beginning of a real bear market or only a reaction of a bull market.

**Bonds**  
37. Although bank loaning rates should continue a slowly upward tendency, interest rates in general will remain low through 1947. The money supply is now 25% above normal and Government financing demands continued low rates.

38. Anticipating an expected reduction in Federal taxes, 1947 should see a further falling off in the prices of most municipal and other tax-exempt bonds.

39. Some high-grade corporation bonds may hold steady, but sooner or later will decline considerably. The Federal Government's 2 1/2's, which once sold above 106, will sell down to par or new 2 1/2's will be offered at par. Investors will give more attention to diversification and staggered maturities during 1947.

40. More public utilities will be taken over by Federal and other "Authorities" during 1947. Wise

## Christmas Spirit Displayed Here In House Decorations

### SMART RESIDENCE THIRD IN CITY CONTEST; FOLDS DECORATIONS OUTSTANDING

The residences of the Ocean Beach, including the Point Loma area, reflected the Christmas spirit with numerous outdoor displays, in addition to thousands of brilliantly lighted indoor trees. Of special note were the outdoor decorations at the Harley F. Smart resident, 5638 Alhambra St., which tied for third place in the San Diego city competition, sponsored by the San Diego Junior Chamber of Commerce. The Smarts' display consisted of an elaborate painted metal Santa Claus, complete with sleigh and reindeer, covering the entire roof area. The reindeer were given the appearance of running by means of a home-made power plant, consisting of a sewing machine motor and a bicycle.

Among the other outstanding outdoor displays were those of Mr. and Mrs. S. Gregory Fold at their home, 2345 Seaside St., consisting of a multitude of lights, strung around the entire house, the garage, and the hedge, with a lighted star atop the chimney; the D. T. Seversons, 1743 Cable St., which portrayed Santa Claus in an atomic sleigh, with his forlorn reindeer standing on the roof and a "For Sale" sign at their feet; and the Albert de Nivelle residence at 4817 Saratoga Ave., where the doors, windows and edges of the house were outlined in Christmas lights.

There were many other exterior decorations of note, but space forbids description of all of them. The citizens of this area are to be commended on their efforts in making this the most gaily decorated Christmas season since before the war.

## BAPTISTS PLAN NEW YEAR'S EVE WATCH NIGHT SERVICE

A special New Year's Eve watch night service will be held at 7:30 p.m. Dec. 31 at the Ocean Beach Baptist church. This service is sponsored by the Training Union's Fellowship groups. A one hour's prayer and praise service will be followed by a time of fellowship and refreshment. Moving pictures will be shown and the old year will be closed by a devotional service, ending at midnight.

## Mr. and Mrs. Keogh Provide Travellog Of 5000-Mile Trip

Mr. and Mrs. Albert Keogh are now living at 4845 Santa Monica Ave. since returning from their wedding trip last Wednesday. The trip, covering a distance of 5000 miles, took in many points of scenic interest such as the Grand Canyon, Boulder dam and Steamboat Springs on the Continental divide in the Rocky mountains.

The couple left here on November 24, the day of their wedding, going to Phoenix, Ariz., where they spent the week of Thanksgiving. Mrs. Keogh's two children, Darlene and Jack Gardner, joined the Keoghs in Phoenix to spend Thanksgiving and returned the following Sunday to Ocean Beach.

The next stop on their trip was the Grand Canyon where they spent two days and from there to Gallup, N.M.

One night was spent in Trinidad, Colo., and then five days in Denver, where Mr. Keogh was born and raised. At one time he was employed by a daily newspaper in that city. They visited many friends in Denver and Mrs. Keogh reports that the record-breaking November snow had all melted in the city and, except for the deep snow in the surrounding mountains, they completely missed all the much-publicized blizzards which had paralyzed Denver twice this winter. They spent a night at Steamboat Springs in the mountains, where the trees were heavily laden with snow and ice.

After spending two days in Salt Lake City, where they made several interesting side trips, they went to Las Vegas, Nev., spending two days, and drove out to Boulder dam, a distance of 30 miles from Las Vegas. Two days in Los Angeles and Hollywood visiting relatives completed their trip.

"It was a beautiful trip," says Mrs. Keogh, "I think we couldn't have hoped for any better weather and with the exception of one flat tire everything was perfect."

## Point Loma High Drops Close Hoop Battle to Hoover

The Pointers of Point Loma High lost a hard fought game played on the Hoover high school basketball court Friday night. Hoover won by a score of 35 to 31. The game was deadlocked 17 all at the halftime, and Hoover led by only two points at the start of the final period. Larsen copped scoring honors for the Pointers, with 15 points, followed by Correia with 6, Kaneyuki 3, Medina 3, and Silva 3.

Says The Pointer of Dec. 6, regarding this year's basketball team and prospects:

"With the return of five last year's lettermen, Point Loma will again field a varsity basketball title contender. Coached by Don Clarkson the varsity squad numbers 16 men, among them returning lettermen Don Larson, Ralph Silva, Joe Medina, Paul Kaneyuki, and Joe Correia. Larson stands 6 feet 3 inches and can hit the net consistently from almost any spot on the court. Don was the league's third highest scorer with 70 points in the seven games, and was given honorable mention on the All-victory team for his work at forward. Medina was chosen All-victory guard for his outstanding work on both offense and defense. Silva is playing his usual steady game. Kaneyuki played the whole season at center last year and has shown much improvement this year. His 6 feet 2 inch frame helps him get the jump on the opposition under the basket. Correia is the only member of the quintet that was not a regular last year, but he saw a lot of action at forward. Joe is one of the scrappiest men on the squad.

"Pressing these regulars for starting berths are Dean Howell, a letterman transfer from Idaho, who, at guard, is one of the best ball handlers on the team; Bob Pastore, who saw considerable action on both the varsity and the "B" teams last year; Harry Freatman, a letterman transfer from Buffalo, New York; and Richie Stangle, who saw a great deal of action last year at forward. Lowell North, Jack Scull, Bob Hobson, Grant Conard, Bob Johnson and Dave Finster round out the sixteen man squad.

"The team is also aided by the use of the gym at the San Diego Army-Navy Y. M. C. A.

"The first league game will be played January 10 against Kearny."

## PRESIDENTIAL CITATION AWARDED BRUCE WIDELL

The Presidential Unit Citation was awarded to Bruce H. Widell of 5035 Newport Ave. last week for service aboard the USS Lexington, during the battles of that famous carrier in the Pacific. He also served aboard the ill-fated USS Hornet until it was sunk on Oct. 26, 1942.

Mr. Widell who is employed at the Ocean Beach Hardware is the son of Mr. and Mrs. L. T. Perrin of 4668 Cape May, formerly in the restaurant business in Ocean Beach.

## OCEAN BEACH ARTISTS' PAINTINGS BEING SHOWN AT DOWN TOWN HOTELS

An exhibit of the work of well known Ocean Beach artists and students of the San Diego School of Arts and Crafts is being shown at the Lanier and Admiral hotels in San Diego, sponsored by Bernice Swanson, owner of Hotel Ocean Village.

Frances Brandt has several water colors and one oil at the show and according to Orren Loudon, school director, her work shows great strength and purity of color.

The first place was taken by Andre Hine of Ocean Beach with a marine oil, Eleanor Wilkevich has one water color at the Admiral and two water colors at the Lanier hotel.

Most of the subjects are Ocean Beach scenes.

## C. P. A. Reports Non-Housing Building Still Under Ban

SAN DIEGO, Dec. 23.—Contrary to widespread belief, Civilian Production Administration controls on non-housing construction have not been lifted, John Young, district manager here of C. P. A.'s construction division declared.

Nor has the priorities system been abolished.

"HH ratings are still valid and must be honored by material supply houses in accordance with ceilings specified in Priorities Regulation 33," Mr. Young reported. "Controls under Schedules A and B of this regulation, which deals with housing, remain unchanged and must be complied with unless otherwise changed by new directives from Washington, D. C."

"Veterans Housing Program Order 1 remains in operation, and will be on the books until further notice."

"Building material suppliers are cautioned to observe regulations regarding sales until new directives are issued by Washington, and until the liberalized housing program is outlined in greater detail."

"The lid remains on industrial, commercial, and institutional construction, with the present weekly national volume of \$35,000,000 remaining as the yardstick for approvals. Approvals are expected to remain at this level until new directives are issued."

## MRS. LAURA NULLMEYER DIES DEC. 18 AT AGE 84

Mrs. Laura Nullmeyer, 84, a resident of Ocean Beach for 22 years, at 4945 Narragansett Ave., died December 18 in a sanitarium in National City. Mrs. Nullmeyer was born in Fountain, Minn., in 1862 and had lived in Alaska before coming to Ocean Beach. Funeral services were conducted on Monday, Dec. 23 at 11 a. m. in Bonham Brothers chapel with the Rev. Virgil Beebe officiating. The burial was in Greenwood Memorial park.

Surviving is a sister, Mrs. Anna Shaw, of 4945 Narragansett Ave.

## Governor To Call Special Session of State Legislature

SACRAMENTO, Dec. 23.—Governor Earl Warren will call a special session of the state legislature "early in January" to provide the solons with an opportunity to "give undivided attention" to the highway and traffic safety problem in California, he says.

The governor's announcement was made during a meeting of the joint legislative fact-finding committee on highways, streets and bridges headed by Sen. Randolph Collier of Yreka at Sacramento last week.

Pointing out that 4,000 persons are dying every year on California highways and streets, Governor Warren declared that delay in dealing with the problem "would be putting a premium on death" as well as on injuries from accidents, congestion in cities and inconvenience.

The Collier committee filed its report with the governor calling for a 12-year program which will modernize the state, county and city highway systems of California at a gross cost of \$2,434,730,000 in addition to expenditures already planned during the next two years.

In his statement to the committee, the governor said that while "everyone may not agree with all your findings—I don't know that I can agree with all of them myself—your committee has made an honest effort and its report is based on facts. The legislature now has all the information needed to go to work on the problem."

The special session in January, Warren said, will enable the legislature to study and act upon highway problem immediately instead of having to delay action until after the February recess of the regular legislative session. The governor was notified the Collier committee will have its bills "pre-printed" so that the public also may study its proposals before they are submitted to the special session.

Although anticipating "difficulties when the legislature gets into the question of who is going to pay for our modernized highway system," the governor pointed out that "the cost will be much more dear if we fail to build an adequate system."

"Nothing," he added, "can do more to advance the future of California and develop our state than highways which will be safe and which will provide for the

swift and efficient movement of goods."

Continuing, the governor said the problem of traffic safety "cannot be solved entirely by better highways, because the elements of human selfishness and community indifference are additional great factors, but adequate highways and good law enforcement programs will save a large part of the loss of human life that is taking place in automobile accidents at the present time."

Mr. and Mrs. S. B. Young and family of 4644 Brighton Ave., left Tuesday to spend the holiday season with relatives and friends in western Washington. Both Mr. and Mrs. Young are natives of Washington. He is connected with the Agnes G. Ellis Realty company.

## SANTA ANITA PARK

## What preparations have been made at Santa Anita for its 10th Anniversary?

In observance of the 10th anniversary meeting at Santa Anita Park, the Los Angeles Turf Club has made plans for the most brilliant season in its history.

This 10th anniversary meeting, which begins December 28th and concludes March 8th, will feature the largest stakes and purses ever offered in Thoroughbred racing. There will be two \$100,000 races—the Santa Anita Handicap on March 1st, and the Santa Anita Derby on March 8th—and ten other major turf events, each with \$50,000 added, to attract the outstanding horses of the world for the Winter season.

To add even greater color to the field of horses competing in major events, winners of outstanding international races are being flown to Santa Anita.

Visitors will see the greatest number of high-ranking foreign horses, American stake-winners and famous jockeys ever entered in major turf events in the 500-odd years of world racing history.

Santa Anita's famed gardens, noted as one of the great tourist attractions of Southern California, this year will be a blaze of floral beauty more thrilling than ever before. With the majestic and oft-times snow-topped Sierra Madre Mountains as a back-drop, the setting is truly of natural grandeur.

Again this season, Santa Anita will be a major source of the state revenues derived from Thoroughbred racing. These funds support the agricultural and livestock industry of the state through the 70-odd state, county and district fairs, and the schools and colleges maintained by the state for the education of our future farmers and ranchers.

## "SOUND OFF"

Question: Do you think that our local Art school is an asset from a business standpoint as well as a cultural?

"I have worked with Director Orren Loudon for over a year and I know him and his wife very well. I appreciate their abilities and I definitely think that it is a great financial asset to this community to have the Art school in Ocean Beach."—William Morlin, Morlin's Tot Shop.

"The question this week can be answered by the business men. They know that our San Diego and La Jolla students patronize the local restaurants, grocery, hardware, record, novelty and clothing stores. Two faculty members are buying homes out here. If the school remains in Ocean Beach Mrs. Loudon and I will be in the market for a house.—Orren R. Loudon, director of the San Diego School of Arts and Crafts. "I have come in contact with

a lot of the students and teachers from the school when they came into my store almost daily and I for one know that it has been a financial asset to the whole community as well as a cultural one and I am very anxious to see Mr. Loudon get the approval of the State Board of Education so that we can continue to have this fine art school in Ocean Beach.—Charley Schmidt, Vita Foods store.

"Naturally I know that the art school is a business asset to the whole community but I am principally interested in the cultural benefit derived from a school of this sort in Ocean Beach. Since so many artists like to paint our coast line it seems to be a mecca for artists from all over the world.—Glen Cords, Cords Paint store.

Question for next week: What New Year's resolutions have you made if any?

# Electric Service?

## These are the "Holder Uppers"

And I need skilled helpers too!

"My neighbor across the road has electric service... got it one week after he applied. I've had my application in for weeks and am still waiting for service. Why?"

This is a question I'm asked every day... and a logical one... one that looks hard to answer. But the answer is as simple as this: Your neighbor was served from an existing line, and from a transformer that was not loaded to capacity; while you, only a few hundred feet away, will require an additional pole and insulators, also a new transformer... thus the shortage of vital materials keeps us, in some instances, from extending our service even a few hundred feet.

Skilled workers are at a premium... we are advertising for them in the East and less crowded areas. Poles, wires, insulators, cross arms, transformers and other essentials are coming through but not sufficient quantities to meet our needs.

These are conditions that prevail throughout the country and among all types of public service organizations... not just in San Diego. War restrictions on new electric service installations left most utilities with a long waiting list of applications requiring line construction... and the list continues to grow.

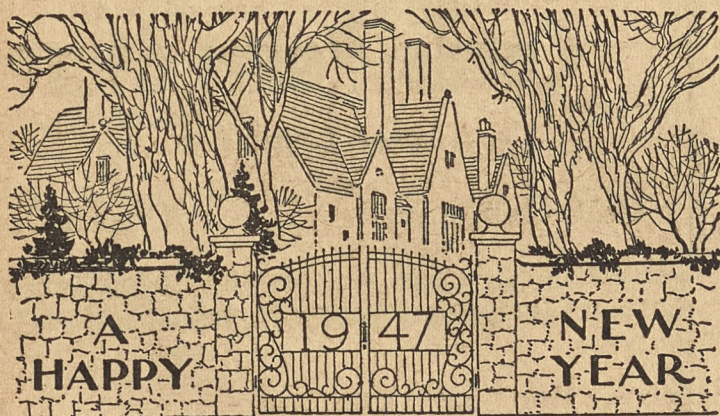

Nevertheless, we HAVE extended service to more than 5,000 new customers since V-J Day... and we'll get to you just as soon as it's humanly possible. We WANT you to have the advantages of ELECTRICAL LIVING.

### Roger Babson Forecasts

(Continued from Page One)  
investors will consider this possibility when selecting public utility securities.

#### Real Estate

41. Suburban real estate will continue in greater demand with still higher prices during 1947.

42. City real estate may hold its own due to less available space caused by pulling down structures to save taxes and provide parking spaces,—also to disinclination to build due to the present high inflationary building costs. The fear of bombing—in case of a reopening of World War II—may also be a factor.

43. Small subsistence farms will continue to increase in price; but large commercial farms may sell for less in 1947 than in 1946.

44. Building will show a considerable increase. Contracts will be up with advancing prices. The present scarcity of lumber, cement, bricks and labor should begin to ease up in 1947.

45. Office and residential rents during 1947 may be expected to increase.

46. 1947 will see the beginning of the real building boom which should have started in 1946.

**Politics and Postwar Peace**  
47. President Truman now has lost control of Congress and both parties will be playing politics in anticipation of 1948.

48. Our foreign headaches will become worse and more frequent during 1947. What we are going through to re-organize Germany will be repeated in other countries.  
49. The Latin-American honeymoon has passed its peak. The attitude of Argentina will extend to other countries. Our South American troubles will continue to increase during 1947.

50. 1947 should see more religious interest, including more church-going, than did 1946. People gradually are realizing that without a Spiritual Awakening no peace or other plans will be much good. Nations cannot be depended upon to cooperate and stick to their agreements unless they recognize God as their real Ruler and Guide. Hence, what good are agreements with Russia?

### Betrothal of Miss Claire Hollobaugh Announced At Party

The forthcoming marriage of Miss Claire Hollobaugh, daughter of Mr. and Mrs. H. B. Hollobaugh of 739 Sunset Cliffs Blvd., to Don Conway, son of Mrs. G. Conway, formerly of Ocean Beach and now living in the Riverland district, was announced Monday evening at the home of Miss Hollobaugh's sorority sister, Miss Agatha Sick, in San Diego.

The ring was presented underneath the mistletoe at a party in the Sick residence prior to the Christmas dance of the Delta Chi Phi sorority in the San Diego Club. The engagement, cleverly announced in a poetic parody on the "Night Before Christmas," was followed by the passing of a box of chocolates, traditional in the sorority.

Miss Hollobaugh is a senior at San Diego State College and Mr. Conway is a sophomore, his schooling having been interrupted by three years service as a gunner in the Eighth Air Force in England.

Plans have been made for a summer wedding.

### Charles Bradshaw And Ruth Solberg Married Saturday

The St. Joseph Cathedral in San Diego was the setting for the wedding ceremony last Saturday morning, Dec. 21, when Ruth Solberg, daughter of Mr. and Mrs. Ole N. Solberg of 927 Glendale St. in San Diego became the bride of Charles Bradshaw, son of Mr. and Mrs. Arthur Bradshaw of 3568 Quimby St., Ocean Beach.

Father Walter performed the service at 10 a. m. and the bride was given away by her father, Ole Solberg. She wore a white gown with a finger-tip veil and carried white carnations. The bride's sister, Velva Solberg, served as maid of honor in a pink formal trimmed in black lace and carrying a bouquet of pink carnations. Lydia Stewart another sister of the bride also attended her in a blue formal and carrying red carnations. John Bradshaw, the groom's brother, was best man and Vernon Smith of 4373 Voltaire St. and William Swenson of 3610 Amaryllis St. served as ushers. All the men participating were dressed in tuxedos.

The reception which followed was conducted in the French room of the U. S. Grant hotel, with the bride's mother receiving in a Navy blue dress and wearing a white gardenia. Mrs. Bradshaw, the groom's mother, wore a grey dress with a fuchsia colored coat.

Palm Springs was the destination of the couple when they left immediately after their reception, the bride wearing a neon blue suit. Their plans were to stay only a few days when Charles is to resume classes at San Diego State College. He is doing post graduate work. Ruth will start in teaching next semester.

### Louise Thornley And Harold Owen Married At Yuma

Mr. and Mrs. A. C. Thornley of 4612 Bermuda Ave. had cause for a double celebration Wednesday. Besides being Christmas their daughter, Louise Esther, became the bride of Harold M. Owen, son of Mrs. Francis Owen of Danville, Ill. at a ceremony performed in Yuma, Ariz. at 1:20 p. m. The bride wore a turquoise blue dress topped with an orchid corsage and was attended by her parents, her mother wearing a navy blue suit and an American beauty rose corsage.

The reception following their return from Yuma was held at the Thornley home on Bermuda Ave. with 35 relatives and friends attending, many of them from Ocean Beach. A wedding dinner and Christmas dinner combined were given for members of the family Tuesday evening. Present at the dinner, besides the bride and groom, were Mr. and Mrs. Marvin Lloyd and Mr. and Mrs. Thornley. Mrs. Lloyd is the bride's sister.

Mr. Owen is in the contracting business in San Diego and his bride, who is employed in an office in San Diego, is a graduate of Point Loma high school. The couple will live at 4168 46th St. in San Diego.

## THE NEW YEAR

Interesting it is to observe how the dimpled, diapered youngster who appears on the scene at the New Year becomes such a very old man within the space of but 365 (or 366) days. But however remarkable the change it has occurred again this year. Old Man 1946, bent and bearded, is ready to call it quits. And, as usual, a bright-eyed, rosy-cheeked toddler is all set to pick up the burden and carry on through 1947.

The Old Man about to depart represents the first full year of peace since 1938. At least, it was supposed to be a year of peace, but in many respects it was hardly less rugged than our years of war.

The flames of conflict have continued to burn through 1946 and they are burning in areas where there is danger of their spreading again unless statesmen are very much on the alert to prevent them. China, India, Palestine and Greece have witnessed clashes ranging all the way from minor skirmishes to sizable battles.

The home front has not been exactly peaceful either. Industrial strife has kept the Nation off balance. If all the energy that has been expended arguing over labor issues had been devoted toward actual work America's production in 1946 would have been staggering.

But in spite of the record of conflict 1946 may be recorded in history as the year in which the first genuine strides toward lasting peace among nations was achieved. The success of the UN Assembly meeting and the apparent willingness of all members of the Big Four to adopt measures that will really be effective in preventing war gives rise to this hope.

In summing up it can be said that 1946 was not such a bad year after all. We certainly hope, however, that 1947 will be one in which production of goods will reach a new peace time peak.

## CALIFORNIA REPORT BRIGHT

The recent report of the California State Chamber of Commerce on conditions in our State during the past year reveals an overall picture which is very bright indeed.

Highlights of the report show that civilian employment is now about 44 percent above that of April 1940 or about equal to the 1943 wartime peak; civilian income will total approximately \$12.7 billion or 1.7 percent higher than 1945; by the first of the year farmers will have collected nearly \$2 billion or six percent more than last year. Net farm income, however may be lower than 1945 due to increased production costs.

The report confirms indications that out-of-state manufacturers are coming into California in great numbers and that many are building their own plants and factories. In passing, it might be pointed out that many of these companies have been attracted here largely through the collective efforts of California businessmen aimed at "selling" California throughout the rest of the country.

One particularly interesting fact brought out is that the aircraft industry which was supposedly doomed to become a shadow of its wartime self is now employing about 90,000 persons. Not bad for an industry "suffering" from the effects of peace.

California retail trade is substantially ahead of last year in dollar volume; bank debts are running 17 percent higher; production of structural materials has risen; and gold is being mined in greater quantities.

It all sounds good and it all adds up to prosperity.

## Girl Scout Troop Holds Annual Yule Party December 18

Girl Scout troop 127 had its annual Christmas party on Wednesday, Dec. 18 at Wallace hall at 8 o'clock in the evening with 20 girls and most of the girls parents attending. A program consisting of two skits, "Christmas in Norway" and "Christmas in Mexico" and two in-between-act numbers, a dramatization of the ballad, "We Three Kings," and two piano solos were presented.

"The skits were written and produced by the girls themselves," reports Mrs. E. V. Pfeifer, assistant leader of the troop. The Red Roses patrol was responsible for the skit, "Christmas in Norway" and the preparation and serving of the refreshments. The Nightingale patrol presented, "Christmas in Mexico" and performed the necessary job of cleaning up after the party. Eagle patrol dramatized the ballad and all the production work. The two piano solos were presented by Kay McLaughlin and Esther Jane Lustig.

A business meeting was held in the afternoon of the same day as the party at which the girls enjoyed a gift exchange and it was decided that the next business session would be held Jan. 8.
